

50% Off Laser Printer Cleaning Special

Now thru August 15, 2007 printer cleanings just \$42.30

That's 50% off our already discounted University pricing!

Mikan Corp is a Local Strategic Supplier – We bill to your Shortcode

We recommend you get a cleaning if:

- You've had a color laser printer for at least a year
- You work in an area recently under construction
- Your printer is in a hostile environment – no we don't mean your co-workers
- You can see build up of toner & paper dust inside the printer
- Frequently use the manual duplex feature of your printer
- Frequently use heavy or card stock media

Cleanings will extend the life of your equipment and potentially prevent problems in the future w/ toner and paper dust build up. Cleanings generally don't solve problems. If you are having a print defect, the first step is always to change the cartridge. If it's empty, recycle it. If it's defective, call your supplier to get an exchange. Still not sure your printer needs a professional cleaning?

Contact us for some free advice – salesinfo@mikancorp.com or 734-944-9447

While we're there we'll also:

- Advise you if parts need to be replaced
- ***Install needed parts at 20% off with no additional labor billed***
- Give you honest advice about your equipment

Did you know Mikan Corp is:

- A U of M vendor since 1990
- A HP Authorized LaserJet Sales & Service Center
- the manufacturer of Akki Products compatible cartridges
- A local company - Headquartered in Washtenaw County
- Knowledgeable – our staff average 13 years at Mikan

Thinking about replacing or upgrading your current laser printer?

Hewlett-Packard is currently running their *Make the Upgrade and Save '07 Promotion* where you can receive up to \$1000 cash back when trading in your old laser printer (working or not). Promotion valid thru 7/31/07. Go to hp.com or call us to find out more.
